**CONDITIONS OF SALE.**

**Please read Sale Terms Before Bidding.**

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. Our records are final.

## NOTICE TO NEW BIDDERS.

The present sale is a regular public auction, with auctioneer, and in no sense an "approval sale." Goods bid in must be accepted, kept and promptly paid for. No time allowance will be granted. We therefore suggest that bidders send orders on only those items they stand ready to pay for on receipt. We are tightening our lines to agree with the times, and new bidders must either furnish us a gilt-edged reference or else send as at least 25 % of their bids cash in advance, to guarantee their good faith.

Mr. Elder will gladly furnish estimates of the value of any lot in the sale, to accommodate those unfamiliar with sales or values of such lots.

Go carefully through the catalog and send us a generous number of bids. Same will be given our prompt attention and will be carefully executed. No charge made on any lots not secured, and only 5 % commission for executing bids on those lots actually secured.

The Coin business is going through these times as well as any other line of business, in fact good coins and paper money are a far better investment than a good many stocks, so greedily bid for during the last two years. Good coins and paper money have always had a good market in all times and will continue to have one in the future. Coins are a better investment than an automobile, and will far outlast the best car ever made, or almost anything else for that matter. We realized over \$49,000.00 for a single collection of coins at public sale in New York in the year 1929!

## WE BUY AND SELL COINS.

We not only catalogue coins and paper money for public sale, and solicit your consignments, but we also buy the same for cash and sell at retail.

We propose to hold three coin sales before the end of the summer season and solicit your consignments for our June and July coin sales.

Please look over this catalog carefully. There is a wide variety of material, something for all classes of collectors and send us your bids, a generous number, for this sale.

We are the only concern holding coin sales regularly in New York City and New York City is the largest American city, with probably the largest number of active coin collectors, hence the greatest market for coins.

Our Sales are regular auction sales, and the selling is done in the regular way, and the sales are in no sense approval sales.

Inasmuch as nobody came forward with a substantial offer for our business in New York, we intend continuing the same as heretofore.

Thanking all our good friends for their support in the past and inviting a large personal attendance at our coming sale, which will be held on a Saturday, and commences at one o'clock sharp, instead of one-thirty, as formerly, we are

Yours truly,

THE ELDER COIN & CURIO CORPORATION.

New York, April 6th, 1931.
